2. WHAT ABOUT THE DINOSAURS IN THE BIBLE?

Look at Behemoth, which I made along with you and which feeds on grass like an ox. What strength it has in its loins, what power in the muscles of its belly! Its tail sways like a cedar; the sinews of its thighs are close-knit. Its bones are tubes of bronze, its limbs like rods of iron. It ranks first among the works of God, yet its Maker can approach it with his sword.

Job 40:15-19 (NIV)

What to tell your kids

- We don't read about dinosaurs in the Bible because the word dinosaur wasn't used until centuries after the Bible was written. Also, the Bible is not written to tell us everything. It's not a science book, it talks about people and God's plan for our life.
