Read:

Isaiah 35:1-10; Ephesians 3:17-18; Psalms 1:1-3; Psalms 92:12-15; Matthew 24:12-13; 1 Kings 18:43-44 (NIV)

SUPER BLOOM - AN EXPLOSION OF WILD FLOWERS THAT EXCEEDS TYPICAL SPRING BLOOMS.

Reflect:

In this sermon, Pastor Josh Surratt explores the idea that no matter what spiritual drought we may be going through, we can rest assured that God is capable of bringing about a super bloom in our lives.

HOW DO I FLOURISH IN ALL CIRCUMSTANCES?

1. BE PLANTED IN THE RIGHT SOIL

- a. Pastor Josh encourages us to be planted in the “soil” of god’s love, god’s word, and god’s house. How did he describe each of these “soils”, and which of these “soils” might you need to plant yourself in more deeply?
- b. How could you cultivate your spiritual “soil” in the coming week?
- c. Pastor Josh pointed to the Bible App and small groups as a great resource-- what resources could you recommend to help others plant themselves in good “soil?”

2. STAY PLANTED, ESPECIALLY WHEN THE WEATHER GETS BAD

- a. What “bad weather” is threatening to uproot you spiritually or otherwise? How can you seek God’s help through this “bad weather”?

3. LOOK FOR SIGNS OF RAIN

- a. What opportunities are available to you that will help keep you looking for signs of rain even in these difficult times?

Response

Where is God leading you? How can your small group support you?
